BUKAL Life Care & Counseling Center

*“Spiritually Aware,
Clinically Competent”*

Many people suffer needlessly and put off getting help for years because they believe they cannot talk to anyone about their problems. They fear they will be rejected, or that their struggle is too big, too evil, too strange, too embarrassing etc. for anyone to help or understand them. At the end of their rope, they seek refuge in the faith community. The community is perceived a center of healing and hospitality. Because of this need, BUKAL Life was conceptualized to provide refuge to hurting through professional pastoral counseling and a training institution for pastoral care givers and counselors specifically for clergies and lay professionals who are interested in the caring ministry.

BUKAL stands for:

Balikatan Working shoulder-to-shoulder
Ugnayan Networking
Kaagapay Coming alongside
At And
Lingap (Providing) Care

The name “Bukal”, pronounced “boo – KAHL”, means “spring” (as in water) in Tagalog. We chose the word “bukal” because of its spiritual and physical symbol of giving life and refreshment.
